Click on the AI box – next screen – This now shows your paper at left with text flagged that is what TII thinks is “AI” – if you scroll down

The screenshot shows the Turnitin AI Writing Detection interface. The browser tabs include Faculty Connect, BUSN310, Assignment Evaluation - Item, Feedback Studio, and Turnitin AI Writing Detection. The URL is awo-usw2.integrity.turnitin.com/tmoid::1:2577345863. The document title is BUSN310 Week 7 Assignment - Political, Legal, Social, Cultural, and Economic Environment.docx. The document content on the left shows the title "Worst Company – Assignment 7", the author "American Military University", and the instructor "Dr. Linda Mae Ashar". The page number is "Page 1 of 6". On the right, a large box displays "64%" of qualifying text in this submission has been determined to be generated by AI. Below this, there is a section titled "How do we detect AI-generated writing?" with a link to the AI writing detection page. At the bottom, there is a section titled "Educator resources for AI writing" with links to "Find strategies for approaching AI-generated text in the classroom" and "Minimize potential AI misuse with our AI misuse rubric to".

Example of flagged text – total flagged – pages 2, most of 4, all of 5

The screenshot shows the Turnitin AI Writing Detection interface on page 2 of 6. The browser tabs and URL are the same as in the previous screenshot. The document content on the left shows a paragraph of text that has been flagged as AI-generated. The text is: "A fast-casual restaurant does not allow customization and typically does not have seating. There are over 2,850 such restaurants globally, and it is the only restaurant chain that operates in every country. It serves various prepared dishes that can be customized, and it lets customers create their meals. Since 1993, Chipotle has been known for its high-quality food and commitment to using only the freshest ingredients. The menu at Chipotle features customizable meal options, such as tacos, burritos, and salads. It is a fast-casual restaurant that serves various prepared dishes and typically does not have seating. There are over 3,000 company-owned and franchised locations in the US, with 44 international locations. After expanding its operations in the US, the Mexican restaurant Chipotle opened its first branch in the United Kingdom in 2010. The venture aimed to keep up with the country's growing industry and increase revenue. Unfortunately, the initial venture did not go well. The company has grown and now has 12 restaurants in the country. In 2018, several establishments, including Chipotle, were named some". The page number is "Page 2 of 6". On the right, the same "64%" AI-generated text percentage is displayed. Below this, there is a section titled "How do we detect AI-generated writing?" with a link to the AI writing detection page. At the bottom, there is a section titled "Educator resources for AI writing" with links to "Find strategies for approaching AI-generated text in the classroom", "Minimize potential AI misuse with our AI misuse rubric to review existing writing prompts for AI vulnerability, and our AI misuse checklist to review options to proactively respond to potential AI misuse in your classroom", and "Stay informed as Turnitin expands its AI writing capabilities".
